NRV - Nutrient Reference Values  
\* NRV not established

**Ingredients:** Fructooligosaccharides, Probiotic Mix (Lactobacillus rhamnosus GG, Bifidobacterium breve BR03, Bifidobacterium infantis, Lactobacillus plantarum), vitamin C, zinc citrate, chamomile flower extract DER 4:1 (Matricaria chamomilla.L), fructose, strawberry aroma, citric acid, magnesium stearate, cochineal.

**NutraBiotec** is a scientifically developed, advanced formula that has both prebiotic & probiotics plus Chamomile extract for children. It improves digestion and enhances vitamin & mineral absorption. It also promotes children's growth, stimulates friendly bacteria's growth and improves gut health. Vitamin C and Zinc are also added to contribute to the normal function of the immune system.

Prebiotics & probiotics work together (synergistically) in the gastrointestinal tract. This supports overall gut health and helps stimulate the growth of beneficial microorganisms. Resulting in relieving gut-related health conditions like constipation, diarrhea,...

Chamomile has been valued as a digestive relaxant and has been used to treat various gastrointestinal disturbances including flatulence, indigestion, diarrhea, anorexia, motion sickness, nausea, and vomiting. Chamomile has also been used to treat colic, croup, and fevers in children.

Vitamin C & Zinc support immune system.
